LOCAL MATTERS.

EST SEE SECOND AND THIRD PAGES. ARRIVAL OF GOV. ORR.—His Excellency the Gov ernor arrived in the city last evening, and will re

main here, we understand, for a week. To-Day occurs the election in this city for an Alderman of Ward No. 3, to fill the vacancy occasioned by the decease of the lamented Jas. W. Brown. Several gentlemen known to be qualified to fill that office, with honor to themselves and credit to the city, having declined the nominations of their friends, the contest has narrowed down to Messrs. CRANE and Cosgnove. The

former is a gentleman of large business experience, and has been indentified with the interests of the city, in a mercantile capacity, for the last twenty years.

THE WEATHER.-April showers have been bestowed upon us most abundantly up to Sunday last, but upon that afternoon the slight falls of water which we supposed were to be distributed throughout the month, were concentrated in one grand deluge, and it came down upon us in a style which we never remember to have seen equalled. Slight imitations of this heavy rain were given throughout the night, and up to seven o'clock on Monday morning, at which time the clouds, as if perfectly estisfied with their efforts in this section of country, rapidly took themselves off in a northeasterly direction, leaving us a plenty of sunlight and a very large supply of wind. In fact, Monday was a gala day, and no one seemed to enjoy it more than old Boress, who was as frolicksome as he was in his youthful days. The weather with us now is as bright, beautiful and balmy as possible; and although there may be prettier parts of the world than we are living in, and wealthier people than we are at present, we

now enjoying against all creation.

The Dictator has been laid up to undergo som repairs, when, on their completion, she will be restored to the route. The Emilie is a most substantial and superior boat, and will afford to passengers and freight every accommodation.

SUSPENSION OF THE SENTENCE OF THE MILITARY COMMISSION.—The following explains itself so well that we are quite sure our readors will be sufficiently informed and delighted without further comment from us:

THE ELECTION OF To-DAY.—Some doubts having been expressed as to the right of persons voting with the Capitation Tax Receipt of 1865, at the polls to-day, the matter was submitted to the arrested-was riotous and used bad language Hon. W. D. PORTER, City Attorney, and he has furnished the following opinion:

John D. Miller, Esq., Chairman Managers City

Election.
Sin:—The Capitation Tax, under the Supply Ordinance of 1866, is not required to be paid until the first day of May next.

The Act of the Legislature requires that the person offering to vote at any election for Mayor and Aldermen shall have paid the tax of one dollar "at the time appointed for the payment of other city taxes next preceding such election." The time appointed for the payment of city taxes next preceding the election ordered for to morrow was in November. 1865.

time appoints the election ordered for to morrow was preceding the election ordered for to morrow was in November, 1865.

I am, therefore, of opinion, that any citizen who qualified himself to vote by the payment of the tax in November last, will have the right to vote at the election to morrow, upon producing his receipt or certificate in the manner required by the Act. Respectfully,

April 24, 1866

City Attorney.

THE BAINT GEORGE'S SOCIETY .- According to previous announcement, this Society, on Monday last, celebrated its 193d anniversary. At an elec-tion for officers previously held, the following

MT ZOLOBOA

This Society was established in the year 1733, by sundry resident Englishmen, and continued undisturbed to dispense its charity among dis-tressed Englishmen until the revolution of 1776. In 1792 it was revived. The Right Rev. BORERT SMITH, the Bishop of the Diocese, was one of its most active members, and with his encouragement it grew and flourished, and made glad our distressed by appropriations among them of its surplus funds until the war of 1812 again impaired

In 1805 it received from the State a Charter of

Incorporation; and in 1815 its members reassem bled and reorganized, and continued up to the late struggle to dispense charity and enjoy conviviality. The return of peace has again brought together the members of the society in force, and although the investments of the society, by late events, have greatly depreciated, the members are not without hope that with care and some reinforcement by the admission of new members, the former usefulness of the society may soon again be fully re-established.

The anniversary dinner was well attended. The dining hall was in part decorated with a beautiful ailk flag, displaying St. George's Cross, which, some years ago, was presented to the society by the late JOSEPH LAWTON, Esq., deceased. His Honor the Mayor was there as an invited guest, and the pleasures of the day were continued until a late hour.

CHARGE TO THE GRAND JURY. In delivering his charge to the Grand Jury, before they entered upon the investigation of the various matters submitted to them, his Honor said that in the discharge of his official duties this spring, he was gratified to see the large attendnce upon the sessions of the Court, manifesting the interest properly felt in the re-establishment of civil law. He wished that he could congratulate them on the entire restoration of the civil law; but, while martial law continued, and the writ of abeas corpus was suspended, justice could not freely run her course. The institutions and laws of war were not adapted to times of peace; and he noped that we should soon be restored to peaceful relations to the Government, and live undo our municipal laws so well adapted to protect person and property. It was, however, important that the Court and Jury should not fail to aid in the restoration of law and order. The Grand Jury should feel an earnest sense of the responsibili ties imposed upon them, and bring to justice the lawless and the violent, that crime may be prevented and the reign of law restored—that hope

may be inspired and confidence reassured. Duties devolve upon all to bestow their best exertions in building up the waste places of our and; but he desired to limit the inquiries of the Jury to such subjects only as were legitimately

within their province. The Judge directed the attention of the Jury to the several bills submitted to them, and desired that they would examine and report upon the con dition of the public buildings, and especially requested them to report upon the propriety of changing the Court-room to the second story of

Other matters tending to expedite business were brought to the attention of the Jury, when they retired to their room.

THE SESSIONS DOCKET Was next called, and the following cases were

tried: The State vs. Elijan Stiles, charged with re-tailing spirituous liquors without license. The State vs. JOHN MULLINS, accused of same

The State vs. L. L. Woolf, for the same, and The State vs. James Hunt, charged with assa and battery.

The Attorney General, Hon. I. W. HATNE, appearing for the State, and Col. R. W. SEYMOUR for the defendant in the first case, and Col. JOHN PHILLIPS for the defence in the last. In the other cases no defence was offered. The proof adduced on the part of the State appeared in all the above cases conclusive to the Jury, who found in each the verdict of "Guilty," notwithstanding the efforts of counsel in the cases defended, who ably presented the extenuating and mitigating circumstances operating in behalf of their clients.

After the delivery of the verdict of the Jury in the last case, the Court was adjourned until 10 o'clock this morning.

PROVOST COURT.-Henry White, colored .- Trespass .- J. J. Magwood testified that he hired de endant, about two months ago, to cut wood for him, and that not long after he employed him witness came to town, and when he returned to his place defendant had left and carried off the tools. Witness said that he found defendant and two others while with him five dollars and seventyfive cents in rations, and that the three only cut seven cords of wood in three weeks. Witness was to pay them each one dollar per cord. On last Monday morning defendant came to the house of witness and demanded the balance of his pay, when he was told that if he would bring back the axe he would be paid \$1.25, the amount due him. Defendant was riotous, and said if he didnt't ge paid he would bring a guard and have witness Defendant stated that he was employed in other work for prosecutor, which prevented his cutting more wood, and that he left the axe on the plantation in charge of a man named Rees. Defendant was reprimanded, and ordered to restore the axe to the owner.

MAYOR'S COURT .- A few cases of selling liquor without a license, and of having no sign in place of business, were the only matters before his Honor yesterday morning, and we are gratified to mention that our city is as quiet as it is at the present time.

As I understand it, the Northern, Western and Columbia mails are all due and are distributed in the afternoon. What good purpose is attained, then, by opening the office in the morning?

It appears to me, Mesare. Editors, if there usually exists a necessity for opening the Postoffice on Sunday, that necessity does not exist now. And, independently of our moral duties, I think the community are called upon to make some concessions for the benefit of our most obliging Postmaster, and his corps of gentleman-like, attentive and efficient assistants.

A BUSINESS MAN. The Election To-Day.

Messrs. Editors : We are pleased to see nominated for the vacancy of Alderman in Ward No. 3, Mr. CRANE, a merchant who has been identified with the interest of our city for the lust twenty years, and who, if elected, will devote his efforts to the improvement of our muni cipal affairs. There has never been a time when wisdon and prudence are more necessary in the administration of the affairs of the city than at present, and we are confident that the above-named gentleman will, if elected justify the suffrages of his friends and fellow-citizens.
